- Responsible for socioeconomic reporting system at major DOD contractor, including oversight of Nunn-Perry award-winning Mentor-Protégé Program, at Jacobs Engineering Group (major DOD environmental remediation/construction contractor).
- Developed a Procurement Manual for a Federal Systems division of a multi-billion dollar telecommunications entity in preparation for external audit (Contractor Purchasing System Review). Also provided advice and assistance regarding socio-economic programs and corporate strategic alliances. Provided training to employees regarding requirements of newly developed policies and procedures.
- For a bio-pharmaceutical manufacturer (supporting Project BioShield for the Centers of Disease Control and Prevention), led a project to support transition from Fixed-Price to Cost-Reimbursable contracting, including assessment of business practices, development of indirect cost structure and calculation of indirect cost rates, preparation of cost proposals and pricing of equitable adjustments in compliance with TINA and FAR requirements, and generation of policies and procedures to aid in contract compliance (Estimating, Purchasing, Socioeconomic Reporting, Billing).
- Provided expert testimony on Government cost accounting, contract administration and source evaluation issues, Orange County (California) Superior Court. (Wireless Facilities, Inc. & WFI Government Services, Inc. (WFI) v. Celeris Systems, Inc.)
- For an international defense contractor, recommended appropriate business processes and controls to comply with US defense acquisition rules, including FAR and CAS. As part of this project, developed initial cost allocation structure and methodology, and controls to identify and segregate FAR Part 31.2 unallowable costs. Also worked with contract management and supply chain management functions to ensure proper flow-down of contract clauses.
